

QUESTIONNAIRE FOR PROSPECTIVE NCS STATE COORDINATORS

You are being considered for the position of NCS State Coordinator. To be an NCS State Coordinator is to be part of a very special working unit in our Society. State Coordinators are special people who welcome involvement in a position of NCS leadership. They are appointed representatives, working in their own area, to recruit new members, encourage renewals, affiliate clubs, lend assistance and support to Club Delegates, actively participate in local clubs and attend shows. They are all working toward one goal – growth and development of NCS – which in turn will be enjoyed by the entire membership.

If you would like to be part of this team, please take a moment to complete the following so we know you better and know more about the situation in your state. Please take a moment to review the description of a State Coordinator's duties as well as the article titled "What is a State Coordinator" by Julia Allen. You may find them useful in your decision.
